North Jersey Leadership Team

*presents*

**ANDY WEBB**

**DIRECTOR**

(\$18,000 - \$25,000 in a 4-week pay cycle)

“Market America has brought my family opportunities that we could only have dreamed of. After seeing this incredible UnFranchise® System, I made a decision to work Market America full time.

Having always worked for myself, I could not see wasting 40 to 50 hours a week working for someone else’s goals and dreams when I could spend 100 percent of my time working for my own...I now have complete time freedom. I have established an ongoing income that will continue to pay me long after the work has been done... I cannot imagine what life would be like today without Market America. My family has been blessed with a wonderful gift.”

Come learn from one of Market America’s best trainers in the field and let him help you take your business to the next level. This is definitely a training you don’t want to miss!
